Hobensack's Worm Syrup. NO MEDICINE has ever obtained a higher or more deserved reputation than Hobensack's WORM SYRUP: it is daily effecting some of the most astonishing and wonderful cures that

have ever been recorded in the annals of Medicine. We would that the public should know that a remedy is at hand that can be relied upon in the most extreme cases where worms are the primary cause of their suffering. And those that are der the supposition that they are dyspeptic, when Worms are actually prey. may patronize the packet. ing upon the very vitals of their life. should use Hobensack's Worm Syrup

ere it is too late. Evidence certifying to the wonderful efficacy of Hobensack's Worm Syrup in expelling worms, and a Mother's

grief changed to joy by its use: This is to certify, that two or three weeks past, two of my children were attacked with worms. I used every remedy I knew, but without effect, they yet growing worse, until the disease assumed an alarmingly fatal character, that I and all who saw thom, felt assured that death must soon close the scene, if relief was not soon obtained. One of them presented a fearful picture of suffering; she was iterally alive with worms, her counteare had a pallid, death-like hue, her breath extremely offensive, her frame were down to a mere skeleton, and all the vinptoms attendant upon worms of a ighly aggravated state. To such a fear al extent did the disease arrive, that she passed worms from her nose, followed by opious bleeding. At this rime I obtained a bottle of your Worm Syrup, and gave it with but little hope but wonderful to say, after a few doses, a great change, was perceptible, and in a few days to my great joy and wonder, the two children passed a large wash basin full of worms. Since that time they rapidly recovered, and are now perfectly cured,

SUSAN THOMPSON, Oxford st., bet. Front and Second, Phila. We have many more certificates in our esession, equally surprising as the above, hat we might place before the public, but we deem this sufficient to entisfy all that t is the only known remedy that can be relied upon.
